DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 4, 6-12, 18, 26-29, 31, 32 and 35-37 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not specifically disclose, in the amusement ride environment, "a first and second switching device interposed between the first and second video sources and the first video capture card, wherein the first and second switching devices correspond to the first and second video sources, respectively; at least one programmable logic controller interposed between the switching devices and the digital analog converter, wherein the programmable logic controller is responsive to the signals from the sensors for causing one of the first and second switching devices to couple its corresponding video source to the first capture workstation, whereby the first capture workstation receives one of the first and second image", used in combination with all of the other limitations of claim 1. Further, applicant has sent in a Declaration Under 37 C.F.R.1.131 Showing Conception and Diligence, and a Declaration Under 37 C.F.R. 1.132 to invalidate the Goldberg reference. As argued by applicant, there is no suggestion to combine the Sonesh or Lacombe or any other prior art reference to teach the present invention. Note claim 28 is patentable for similar reasons as disclosed above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
